SAP Student Academy

SAP University Alliances

SAP Student Academy

To Register:

Drexel University
Philadelphia, Pennsylvania
May 15 - 26, 2006

The SAP University Alliances (UA) program invites students at UA member schools to participate in the SAP Student Academy and certification exam offered at Drexel University, May 15 - 26, 2006.

This academy and entry level solutions consultant certification is recognized by both SAP customers and partners, and indicates a proven level of business process integration and mySAP ERP expertise. Having this certification is a clear differentiator for students entering the job force.

This academy is the first time the US program has offered the Student Academy publicly ... inviting students from all schools to participate. Drexel University graciously offered to host the class, providing central access to many member schools. If this pilot academy is successful, we will look for additional locations to offer the academy going

The academy registration form is attached to this email. Complete the form, and return it with payment.

University Alliances Program
SAP America
600 East Las Colinas Blvd.,
Suite 2000
Irving, TX
75039

Due date: May 3, 2006

Once the registration form has been received by SAP, you will receive email confirmation.

Course and Exam Description

forward.

Please distribute this email to students that may be interested in participating in this event, especially students spending the summer in the Philadelphia area or may have friends / family in that area.

The Student Academy (SAP Course: TERP10) description as well as information about the exam may be viewed online.

Why Participate?

- Receive focused, specialized training in mySAP ERP - state of the art software companies around the world use.
- Perform key business processes, understand integration points and key controls of mySAP ERP.
- Gain exposure to SAP NetWeaver, Strategic Enterprise Management (SEM) and Business Information Warehouse (BW).
- Articulate how ERP technology supports a business and addresses key business needs / requirements.
- Opportunity to earn entry level solution consultant certification that is recognized by SAP, it's customers and partners.
- Increase your marketability to prospective employers.

Requirements:

- University must be an active member of the SAP University Alliances program.
- Participant may be undergraduate (Junior or Senior level only) or graduate student.
- Successfully completed at least 3 courses with 30% or more SAP content in each.
- Basic knowledge of business processes in enterprise planning and management.

Details:

- Cost of course is \$1,500 USD. Cost includes: Registration fee, all course materials, system access and one exam. Fee is due at the time of application.
- The student academy course content is the same SAP Solution Academy course offering TERP10: mySAP ERP Integrated Business Processes.
- Course will be offered at Drexel University, Korman Computing Center (located at 33rd Street between Market and Chestnut), in Philadelphia.
- 10 day intensive course, classroom lectures 9am - 5pm Monday to Friday (weekend off). Plan to study / review each evening.
- Certification exam is taken on the last day. The 3 hour exam is taken online and consists of 80 questions. Test is pass/fail. Students are typically notified of the results within one month of exam.
- Typical exam pass rate is 75%.
